JX-10 And MKS-70 Patches/Tones List
**JX10_MKS70_Collection-A.zip**

---

A collection of 644 Patches and 536 Tones.....

This list was compiled from two ZIP files floating around the Internet since the early 90's;

cpjxw020.zip  cpjxw020_more_data.zip

The patch and tone files inside the ZIP's were;

| | | | |
|---|---|---|---|
| JX10BNK0.SYX | JX10BNK1.SYX | JX10BNK2.SYX | JX10BNK3.SYX |
| JX8PBNK0.SYX | JX8PBNK1.SYX | JX8PBNK2.SYX | Digorch.c64 |
| Genlib.c64 | Keyboard.c64 | Misc.c64 | Nashvill.c64 |
| Newstuf.c64 | | | |

These files were proprietary and would only work with the CPJXWIN loader program for Windows. I have converted all of these over to regular SysEx MIDI Bulk Dump files and they have been renamed as follows;

| | | | |
|---|---|---|---|
| JX10BNK0-A.SYX | JX10BNK1-A.SYX | JX10BNK2-A.SYX | JX10BNK3-A.SYX |
| DIGORCH-A.SYX | GENLIB-A.SYX | KEYBOARD-A.SYX | MISC-A.SYX |
| NASHVILL-A.SYX | NEWSTUF-A.SYX | | |

Three new files gleaned from the Internet which were not originally included with the files shown above are also on this list. These new files have 192 patches and 141 tones and they are;

JOCKES-A.SYX  NICK3-A.SYX  ~~JX_LFO_EXP-A.SYX~~

***Removed at Owner's Request On July 29, 2017***

These are regular SysEx MIDI Bulk Dump files and will work with either Mac or Windows. To load any of these M-64C patch banks into a JX-10 or MKS-70, use any generic SysEx loader program for Mac or Windows.

All of these files have been incorporated into one ZIP file called *JX10_MKS70_Collection-A.zip* and have recently been uploaded to the *"Patches"* page at the;
